Evening Specialty Conference
Genitourinary Pathology

"Uncommon lesions with papillary and/or cribriform architecture"

Moderator: Cristina Magi-Galluzzi, MD, PhD
Professor of Pathology, Lerner College of Medicine
Director, Genitourinary Pathology
Cleveland Clinic, Cleveland, OH

Elsa Velazquez, MD
Director of Dermatopathology
Clinical Assistant Professor of Dermatology
Miraca Life Sciences/ Tufts University

• Who is your role model? - My father
  For his honesty, sense of humor, intellectual achievements and dedication to his family and his country
• What accomplishments are you most proud of in your career? - Leading an amazing team of dermatopathologists
• What do you enjoy besides pathology? - Spending time with my family. Traveling to new places. Scuba diving

Christopher G. Pryzybicin, MD
Assistant Professor, Lerner College of Medicine
Pathology and Laboratory Medicine Institute, Cleveland Clinic, Cleveland OH

• Who is your role model? - Dr. George Hegeman, a microbiology professor at Indiana University where I was an undergraduate. He instilled in me a love of asking questions and trying to find the answers, as well as a reverence for the discoveries of those who have come before me
• What accomplishments are you most proud of in your career? - Co-editing a genitourinary pathology textbook with my friend and colleague Dr. Cristina Magi-Galluzzi
• What do you enjoy besides pathology? - I love spending time with my wife Jennifer and my children Thomas and Maggie. I have been a drummer for most of my life and hope to be a famous rock star if pathology doesn’t work out

Case 1
Lakshmi Priya Kunju, MD
Associate Professor of Pathology
Director, Urologic Pathology Fellowship, Section Chief, Urologic Pathology
University of Michigan, Ann Arbor, MI
• Who is your role model? - Drs. Henry Appelman
The Yiddish word “mensch” best describes Henry; there is no English equivalent. An icon at U. Michigan, he personifies the best pathologist, the ultimate person. It has truly been a privilege to learn from and work with Henry - his wisdom and sense of humor are incredible. Like a fine wine or vintage car his value increases over the years
• What accomplishments are you most proud of in your career? - This is hard - I am a work in progress... I get to do every day what I love - teach, look at glass and make diagnoses, work on interesting projects with folks more talented than me and so I get to learn a lot. I hope what I do makes a difference
• What do you enjoy besides pathology? - I love to read, travel and watch movies – books and movies have a way of making me feel homesick for a place I have never been to

Ming Zhou, MD, PhD
Professor of Pathology and Urology
Director, Surgical & Urologic Pathology
Departments of Pathology and Urology
New York University Medical Center Tisch Hospital
• Who is your role model? - My parents - They have taught me to be honest, decent and work hard
• What accomplishments are you most proud of in your career? - Fell in love with GU pathology and made a small contribution to the field
• What do you enjoy besides pathology? - Fixing things around house including those that aren’t broken
Case 4
